

## Covid-19 Guidelines 2020

- Teachers may wear masks but are not required
- Teachers will take their own temperature every morning before school starts
- Teachers will take the student's temperature every morning before getting the child out of the car using a no touch thermometer
- No teacher or student will be allowed in school if running a fever
- We will try to enforce social distancing as much as possible with 2, 3 and 4 year olds while continuing to keep learning fun.
- Teachers will clean and disinfect their classroom every day after school making sure to clean all high touch areas
- Children will be encouraged to wash their hands with soap and water or hand sanitizer
- Teachers will clean and disinfect all, toys, puzzles, books, and learning games that are used in the classroom
- Teachers will hand out "honey pot" treats to each child
- The doors, hallway areas and rest rooms will be cleaned and disinfected every day after school
- The entrance doors will be held open by a teacher or propped open to bring children in and to dismiss children
- There will be markers in the hall to encourage social distancing for the children to sit on before school and as we dismiss
- There will be NO water bottles or cups brought into the school. We have disposable cups available
- Music will be held outside when the weather permits. We will use the fellowship hall or the sanctuary on other days making sure to disinfect the area when we finish
- If school is cancelled we will do our best to send the children's work to them
- Teachers will choose several items from the birthday box to lay out for the student to choose
- There will be NO field trips to Fair Oak Elementary as a precaution
- **NO** visitors will be allowed during school hours
- **We may relax these guidelines if Covid-19 numbers are drastically declining**
